Dear Pete

**Re: The World in Crisis?
Monday 14 to Friday 18 November 2011**

I am very grateful to you for having given up your time recently to arrange and host a visit to the Hockerton Housing Project for the students on the above course.

It was an extremely successful visit which inspired many of the students. You certainly introduced them to a 'real' possibility of living a more environmentally friendly and sustainable lifestyle. For many of the students it was a highlight of the course:

"I particularly enjoyed the day trip to the housing project as you could see how it really changed peoples opinions on sustainable living"

"The trip was great seeing everything we had talked about and discussed in action"

"Visiting the Hockerton housing project inspired me profoundly"

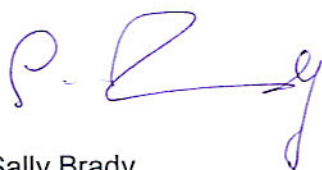

"I really enjoyed Hockerton because I enjoy the practical application of the information I learn in the classroom"

Thank you so much for providing such a valuable contribution to course programme.

I hope we may be able to repeat the visit next year.

With best wishes.

Yours sincerely

Sally Brady
Project Leader for Gifted and Talented
