

Review Hockerton Master Class 31st January 2020

Everybody who came told me that they found it hugely stimulating and impressive as to all you showed and told us. I think this time you gave us more in factual terms than ever before, stats and costs which really demonstrate the power of all that Hockerton has to offer, not just those who visit it, but to help forward what is needed in creating real change in how we build homes throughout the country

Debbie, your food was fabulous and greatly enjoyed by all. I know that I feasted TOO well, but loved every bite!

With all very best wishes and renewed thanks for a wonderful day

Nick
